

# FOLASHADE OMOLOJA

## Software developer

I am a purpose-driven, dependable self-starter and team player who is organized, detail-oriented and have the capabilities of working in a dynamic environment. I have hands-on experience converting design mockups into HTML and CSS, adding functionality with JavaScript. I also have experience working with Bootstrap and React.js. I enjoy being challenged with projects that require me to work outside my comfort and knowledge set, learning new languages and development techniques are important to me. I am a fast learner and enthusiastic team player ready to contribute to your organization's success.
